## Y. M. C. A. AFFAIR A BIG SUCCESS

The Christmas entertainment given by the local Y. M. C. A., beginning Christmas morning and ending at 12 o'clock that night, which consisted of volleyball, basketball, indoor baseball, musical solos, singing, wrestling, boxing, speaking, moving pictures, feeding and general jollification; was without doubt the most successful "Open House" the Y. M. C. A. has ever held. The building was filled to its capacity from early morning until late at night, with men, women and children.

The entertainment opened in the morning with games of basketball, volleyball and indoor baseball, which were all played by pickup teams. Notwithstanding this, the work of all teams was good, results being close.

The afternoon program was principally literary and musical. It consisted of the following:

Piano Duet—Miss Anna Wallace and Mr. A. H. Whitley Vocal Solo—Miss Margaret Watson, accompanied by Miss Florence Patton. Piano Solo—Prof. Herbert Gribble. Selection with Concertina—Mr. A. H. Garsten. Piano Solo—Miss Florence Patton. Chorus—Bisbee Glee Club, in Christmas Carols. Bass Solo—Fred Juliff, "Asleep in the Deep."

These numbers were given especially well, and many encores were received by each entertainer.

The evening entertainment was closed with a basketball game between the members of the Bisbee High School girls teams, the division being made as evenly as possible. The game was especially good because of the closeness of the match and the cleanliness of the playing. A game was then held between the Bisbee High School boys and the Y. M. C. A. team. The Y. M. C. A. team won in a walk. The most interesting stunt of the evening was the boxing match between two 8 year old boys, Donald Park and Harry Warrington, with Scotty Banks as referee. The boys were evenly matched and showed a great deal of ability. When Scotty tried to break the clinch he received the wrath of both youngsters as they unintentionally slipped in some real stiff punches to his jaw. The bout ended with a draw decision. The bout went 3 rounds.

The night entertainment began at 7:30 o'clock, with a boxing match between K15 Bassett and Sallor Bateman, with P. Berkheart as referee. The match was between two clever boys but they were very unevenly matched in weight. Bassett was game throughout the match but was not speedy enough to counteract Bateman's weight. It went 3 rounds.

The next event was a wrestling match between Dave Williams and Lou Webster, who wrestled for five minutes without a fall. Both boys did clever work.

While waiting for the next wrestling match Scotty Banks had Walter Stettin and Leslie Park gave another boxing match. It went 3 rounds, and was the most exciting event of the evening.

The star event of the evening was then put on by Roy McAllister and A. L. Duncan, in three five minute rounds of wrestling. McAllister had the advantage in strength but Duncan had it on him in cleverness. Neither man gained a fall, although both were in dangerous positions several times.

Musical and literary selections were then rendered.

Tenor solo—B. C. Boney. Monologue—A Dream—Mr. Duvall. Harmonies and bones—George Grogan. Quartette solo—E. L. Blair, bass; Vincent Miller, bass; J. P. Williamson tenor and H. L. Harris, second tenor. Impersonations—E. Q. Selder. Concertina—A. H. Garsten. Shakespearean impersonations—Prof. W. H. Gooding.

All of the entertainers were of a high class and received many encores. Three reels of motion pictures were then given.

During the evening the men were treated with clay pipes, tobacco and apples. After the show was over the men adjourned from the gymnasium to the lobby room and feasted on home made sandwiches, cakes and coffee.

The Y. M. C. A. directors, secretary and membership wish to thank the good ladies of Bisbee who donated the cakes to the association. Also to gratefully acknowledge contributions of supplies received from Torres & Co., Johnson Meat Co., Palace Grocery, Phelps Dodge Mercantile Co., J.

## AUSTRALIAN WHITE HOPE TO VISIT U. S.

Colin Bell.

The very next boat that comes to this country from Australia will number among its passengers Colin Bell, "white hope" from the land of the kangaroo and the birthplace of Bob Fitzsimmons. That Colin knows he is a scrapper and that his manager, George Lawrence, knows it too is evidenced by the challenge issued to Jesse Willard and Gumbert Smith, whom Colin is anxious to meet.

B. Anglus, Vienna Bakery, E. B. Wallace, Maze Clear Store, and the Standard Furniture Co. They also wish to express their appreciation to all who in any way donated their services or talent to make the Christmas festival so successful for the city of Bisbee.

## WINTER GAMES AT COLLEGES

NEW YORK, Dec. 22—Candidates for places upon the various winter and spring sports teams of the colleges and universities in all parts of the country will resume training immediately after the Christmas holidays. Places are open for university contenders in basketball, hockey, gymnasium, swimming, baseball, lacrosse, track and crew combinations, and competition will continue from early in January to late in June. Some idea of this athletic activity in the leading universities is given below.

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

777. Team candidates are training twice a week on the board track at Soldier's

ties of the East and West can be gained from the schedule laid out at Harvard.

The hockey squad is training at the Boston rink and will soon leave for practice games at the Syracuse arena, where several informal intervarsity matches will be played. Track field and competitions will be held semi-monthly with silver cups as prizes for the leading point winners. Entries will also be made in a number of the big indoor meets at Boston and New York. Machine and rank practice for the oarsmen will open immediately after the midyear examinations. Gymnasium and cage practice for the basketball players will be started early in January, while the swimmers will plunge into the pool about the same time. The wrestlers, fencers and gymnasts are already on edge for the opening of their season of competitions.

The suggestion emanating from Yale that the annual Harvard-Yale football game be played on Saturday before falls to find favor at Harvard. The Harvard Crimson in an editorial on the subject states:

"Time was when Yale played Princeton and Harvard on successive Saturdays and was well pleased with the arrangements and results. To postpone the game a week would be to make football a nearly winter sport. But more than that the Crimson believes that any lengthening of the football season would be bad from the point of view of the players and of the collect, which suffers enough, as it is, from the football mania. A touch of the mania, such as we have now, is a splendid counter-irritant, but it could easily become a dangerous disease itself. We hope that this agitation will end, like most of its kind, in nothing."

English college and sporting papers are filled with correspondence pro and con, relative to the right of the Oxford University Athletic Club to bar or limit the athletic activity of Rhodes scholars. As is the case in this country opinion appears to be about evenly divided upon the point and there is no reason for believing that the recent rulings will be altered or rescinded.

According to data compiled at Yale, 2,230 upper classmen participated in athletic activity during the autumn. Tennis lead with 145; wrestling with 89; golf and 68 devotees; crew 64 and football 55. It was estimated that 550 students used the gymnasium and swimming pool. About the same proportion were preferred in the freshman class, where 478 students were checked as train for eleven teams or sports.

## ARMY SERVICE BRINGS REWARD

After thirty years faithful service in the United States army, First Sergeant J. A. Jones, of I troop, Ninth cavalry, retires from the service on a pension of \$67.50 monthly for the balance of his life. During his many years' service Sergeant Jones has been economical and saved a considerable sum of money, and when he gets back home and provides for himself a little home he will be prepared to live until the sunset in peace and comfort. He is now 50 years old, but a well preserved man, having always taken care of himself, and being free from habits which break so many people down physically early in life. He is a married man, has two children of his own and three step-children. The home of the family is in Baltimore, Md., and they will go to ease to live there.

Speaking of his life in the army, while here yesterday, Sergeant Jones said: "I have enjoyed it fairly well, and always been on duty, having seen but few sick days in my life. I remember that eighteen years ago I was somewhat tired of the service and on the verge of quitting the army. It being time for re-enlistment, I was not entirely persuaded what course to take, however, and consulted with Captain Walker, who has always given me good advice. He told me that after having served 12 years in the army it would not seem to him wise for one to quit, and pointed out to me the benefits to be derived by one who would stick to the service until the day of retirement. I took his advice and remained, and today I am thankful to Captain Walker, who is with the Ninth, for his kindness not only then but during many years. He is one of the best men in the army and all the boys under him believe in him thoroughly. I can also say that I never had a better friend among the white people than C. L. Guilfoyle, and if you are going to say anything about my retirement, please thank the colonel for me for the many kindnesses I have received

## GAINER IS WORTH MORE THAN \$25,000

Del Gainer.

"I wouldn't sell Del Gainer for \$25,000 if I didn't know where I could get another first baseman to take his place," said Orvier Frank Navin of the Detroit Tigers, a few days ago. Gainer is considered the least valuable of the Tiger infielders, but Navin isn't taking any chances.

at his hands. He is good to all the boys and that is one of the secrets of his power with the members of the Ninth cavalry.

Sergeant Jones also talked about the history of the Ninth cavalry during its campaign in Cuba. He spoke of the incident at the battle of San Juan hill, Cuba, in which the Ninth saved Colonel Roosevelt and his Rough Riders from total annihilation at the hands of the Moros who had him ambushed. He said that one of the Rough Rider packers, by mere accident, escaped through the lines on a mule and came to the camp of the Ninth, which was seven miles away, and that every man ran the entire distance up hill to the rescue, arriving just in time to save the Rough Riders, who were completely surrounded. He estimates that in fifteen minutes were the entire Roosevelt command would have gone down and that today the Rough Riders would have occupied a place in history similar to that of Custer and his soldiers had not the Ninth regiment arrived when they did and made a flank attack on the ambushers.

It will be news to many people to know that after thirty years' service in the United States army even non-commissioned officers and privates can retire on a permanent pension.

Cured of Liver Complaint. "I was suffering with liver complaint," says Iva Smith of Point Blank, Texas, "and decided to try a 25c box of Chamberlain's Tablets, and am happy to say that I am completely cured and can recommend them to every one." For sale by all dealers.—Adv.

L. to its members and their families and friends. About three hundred and fifty were present and the dinner was served in the usual accompaniments. Three long tables the whole length of the Masonic Hall were loaded twice over with the most tempting viands, delicious salads, cranberry sauce, pickles, bread and butter, all sorts of cakes and fruit, bananas, oranges, apples and all sorts of candies. The spirit of friendliness and good cheer animated the whole assembly. During the course they were entertained with music and songs. The following program constituted the entertainment of the evening.
